

MEETINGDEM PROJECT CONFERENCE

February 27th – 28th
2017

MEETINGDEM

MEETINGDEM, a European JPND project, has started in March 2014.

The aim of the project was adaptation, implementation and evaluation of innovative and integrate care programme which was developed in the Netherlands - **Meeting Centre Support Programme** – to support people with mild to moderate dementia as well as their informal carers.

Project has been carried out in 5 centres in 4 European countries: Italy, the United Kingdom, the Netherlands and Poland.

The conference at the end of the MEETINGDEM project is a great opportunity to summarise intensive activities which were realised in last 3 years.

MEETINGDEM Project is an EU Joint Programme – Neurodegenerative Disease Research (JPND) - the largest global research initiative aimed at tackling the challenge of neurodegenerative diseases. The project is supported through the following funding organisations under the aegis of JPND – The National Centre of Research and Development (Narodowe Centrum Badań i Rozwoju (NCBR)).

Meeting Centre

„It is a place which gives us a feeling of self-esteem, security and sense of belonging to the amazing group of friends. We are grateful for support, care and hard work to prepare a place and a team. They help us to get older with joy and to face dementia consequences easier.”
